

Seasons

Winter - We will be thinking about changes we see and comparing our environment to a cold environment. We will also think about ways we can care for the environment and the animals that live in cold places. We will be thinking critically about what happens when ice melts.

Spring - We will be spotting more changes and thinking about new beginnings. We will be comparing adults and babies of different species.

People who help us

In this topic we will be looking at the different roles individuals play in our community. We will learn about the variety of jobs within our community and how they help us every day. We will also have the opportunity to express our own ideas as to how we help people and listen to other's ideas as well.

Superheroes

In this topic we will be reading the book 'Supertato' and thinking about right and wrong choices. We will be focusing on how to be kind. We will also use our topic book to think about how we can stay fit, healthy and strong by exercising and eating a range of different foods.

People Who Help Us

Superheroes

Castles

Celebrations

(Chinese New Year, Valentine's Day, Mother's Day, Easter)

Physical Development

We will continue developing our fine motor skills to strengthen our pencil control. We will complete activities using tweezers, scissors and other tools to help us. In P.E. we will think about co-ordination and different movements through dance and ball skills. We will also be learning to mount and dismount apparatus safely and develop our balancing techniques.

Dinosaurs

In this topic we will be thinking about fact and fiction. We will write fact files about dinosaurs, as well as designing and describing creatures of our own. We will think about differences between species and environments. We will also be using dinosaurs to experiment with the strength of different materials and we will be getting creative to make dinosaur foot prints and fossils.

Castles

In this topic we will be being imaginative and making up our own stories and characters. We will also be thinking about what life might have been like in the past. Then we will further explore which materials we might use to make the best protected castles.

Numeracy

During this term we will be focusing on number recognition of larger numbers, counting larger quantities as well as finding one more and one less, and adding and subtracting. We will also be exploring the topic of measurement, including weight, length and capacity. We will be using the correct language compare quantities and solve problems.
