At Maney Hill, we are committed to giving all of our children every opportunity to meet and exceed their potential. We respect and celebrate the unique contribution that every individual makes to our school community. The achievements, attitudes and well-being of all pupils is paramount and inclusion is the responsibility of everyone within our school; every teacher is a teacher of every pupil, including those with special educational needs and disabilities (SEND).

Introduction

To define special education needs (SEN) at our school, we use the definition from the SEND Code of Practice (2014). This states the following:

***SEN:** a child or young person has special educational needs if he or she has a learning difficulty or disability which calls for **special educational provision** to be made for him or her. A learning difficulty or disability is a **significantly greater difficulty in learning than the majority of others of the same age**. Special educational provision means **educational or training provision that is additional to, or different from, that made generally for others of the same age in a mainstream setting**.*

Some children and young people who have SEND may have a specific disability. Under the Equality Act 2010, this is defined as:

***Disability:** a physical or mental impairment which has a long-term and substantial adverse effect on their ability to carry out normal day-to-day activities.*

1. Aims and objectives

Our aim, and the purpose of this policy, is to ensure that each of our pupils achieve their best and are confident individuals who go on to lead happy and fulfilled lives. In order to do this, we consistently strive to meet the following objectives:

- to ensure there are clear processes for identifying, assessing, planning, providing for and reviewing the needs of SEND pupils, with the pupils and their parents/carers at the centre
- to develop effective whole-school provision management of support for pupils with special educational needs and disabilities
- to deliver training and support for all staff working with pupils with SEN

2. Vision and values

At Maney Hill Primary School, we are committed to ensuring that every child—regardless of need, ability or starting point—thrives, succeeds, and feels a strong sense of belonging within our community. Our vision is to create an inclusive environment where children with Special Educational Needs and Disabilities (SEND) are empowered to achieve their full potential academically, socially, and emotionally. We aim for every child to develop confidence, independence, and a love of learning that lasts well beyond their primary years.

Our Values

- **Respect**
- **Responsibility**
- **Teamwork**
- **Adaptability**

- **Ambition**
- **Resilience**

Our SEND provision is grounded in the school's core values of **respect, responsibility, teamwork, adaptability, ambition and resilience**. These values shape the way we teach, support and celebrate every learner.

- **Respect** – We value every child as an individual and actively celebrate diversity in learning needs, strengths and experiences. Pupils' voices are listened to and central to decisions about their support.
- **Responsibility** – We take responsibility for identifying needs early and providing the right support at the right time. We empower pupils to develop ownership of their learning and personal growth.
- **Teamwork** – We work in partnership with pupils, parents, teachers and external professionals. Together, we share expertise and create consistent, joined-up support.
- **Adaptability** – We recognise that pupils learn in different ways. Staff adapt teaching, environments and approaches to ensure every child can access the full curriculum and succeed.
- **Ambition** – We have high aspirations for all learners with SEND. We celebrate progress and encourage pupils to strive towards their next steps with confidence and pride.
- **Resilience** – We foster perseverance, confidence and emotional strength, helping pupils develop the resilience needed to overcome challenges and thrive.

Our Broader Aims for SEND Provision

At Maney Hill, our aim is to:

- Provide high-quality, adaptive teaching that enables pupils with SEND to access a full and rich curriculum.
- Identify needs early through robust assessment and close partnership with families and external specialists.
- Ensure support is personalised, evidence-based and regularly reviewed for impact.
- Build strong relationships with parents, recognising them as key partners in their child's learning.
- Equip pupils with SEND with the skills, strategies and independence needed for their next stage of education and for life.

3. Legislation and guidance

This policy is based on, and complies with, the statutory guidance outlined in the **Special Educational Needs and Disability (SEND) Code of Practice 2015**, **Keeping Children Safe in Education**, and **Working Together to Improve School Attendance**. These documents set the framework for how schools must identify, support and safeguard pupils with additional needs.

This policy also reflects the following key legislation:

- **Part 3 of the Children and Families Act 2014**, which outlines schools' responsibilities for identifying and supporting pupils with SEND.
- **The Special Educational Needs and Disability Regulations 2014**, which set out requirements relating to Education, Health and Care (EHC) plans, the role of the SENDCo, and the publication of the school's SEND Information Report.

- **The Equality Act 2010 (Section 20)**, which requires schools to make reasonable adjustments for pupils with disabilities to ensure they are not placed at a substantial disadvantage.
- **The Public Sector Equality Duty (Section 149 of the Equality Act 2010)**, which requires schools to eliminate discrimination, harassment and victimisation; advance equality of opportunity; and foster good relations between those who share a protected characteristic (including disability) and those who do not.
- **The Governance Guide for Maintained Schools and Academy Trusts**, which sets out the responsibilities of governors and trustees in relation to pupils with SEND.
- **The School Admissions Code**, which places duties on schools to admit pupils where an EHC plan names the school, and ensures pupils with SEND or disabilities are not unfairly disadvantaged during the admissions process.

4. Inclusion and equal opportunities

At our school we strive to create an inclusive teaching environment that offers all pupils, no matter their needs and abilities, a broad, balanced and challenging curriculum. We are committed to offering all pupils the chance to thrive and fulfil their aspirations.

We will achieve this by making reasonable adjustments to teaching, the curriculum and the school environment to make sure that pupils with SEND are included in all aspects of school life.

5. Definitions

5.1 Special educational needs

A pupil has SEND if they have a learning difficulty or disability that requires special educational provision to be made for them.

They have a **learning difficulty or disability** if they have:

- A significantly greater difficulty in learning than most others of the same age, or
- A disability which prevents or hinders them from making use of facilities of a kind generally provided for others of the same age in mainstream schools

Special educational provision is educational or training provision that is additional to, or different from, that made generally for other children or young people of the same age by mainstream schools.

5.2 Disability

Pupils are considered to have a **disability** if they have a physical or mental impairment that has a substantial and long-term adverse effect on their ability to do normal daily activities.

The school will make reasonable adjustments for pupils with disabilities, so that they are not at a substantial disadvantage compared with their peers.

5.3 The 4 areas of need

The needs of pupils with SEND are grouped into 4 broad areas. Pupils can have needs that cut across more than 1 area, and their needs may change over time.

Interventions will be selected that are appropriate for the pupil's particular area(s) of need, at the relevant time.

AREA OF NEED	
Communication and interaction	<p>Pupils with needs in this area have difficulty communicating with others. They may have difficulty understanding what is being said to them, have trouble expressing themselves, or not understand or use the social rules of communication.</p> <p>Pupils who are on the autism spectrum often have needs that fall in this category.</p>
Cognition and learning	<p>Pupils with learning difficulties usually learn at a slower pace than their peers. A wide range of needs are grouped in this area, including:</p> <ul style="list-style-type: none"> • Specific learning difficulties, which impact 1 or more specific aspects of learning, such as: dyslexia, dyscalculia and dyspraxia • Moderate learning difficulties • Severe learning difficulties • Profound and multiple learning difficulties, which is where pupils are likely to have severe and complex learning difficulties as well as a physical disability or sensory impairment
Social, emotional and mental health	<p>These needs may reflect a wide range of underlying difficulties or disorders. Pupils may have:</p> <ul style="list-style-type: none"> • Mental health difficulties such as anxiety, depression or an eating disorder • Attention deficit disorder, attention deficit hyperactive disorder or attachment disorder • Suffered adverse childhood experiences <p>These needs can manifest in many ways, for example as challenging, disruptive or disturbing behaviour, or by the pupil becoming withdrawn or isolated.</p>
Sensory and/or physical	<p>Pupils with these needs have a disability that hinders them from accessing the educational facilities generally provided.</p> <p>Pupils may have:</p> <ul style="list-style-type: none"> • A sensory impairment such as vision impairment, hearing impairment or multi-sensory impairment • A physical impairment <p>These pupils may need ongoing additional support and equipment to access all the opportunities available to their peers.</p>

6. Roles and responsibilities

6.1 The SENDCo

The SENDCos at Maney Hill Primary School are Mrs. J Fullard and Mrs. C Morecock

They will:

- Inform any parents that their child may have SEND and then liaise with them about the pupil's needs and any provision made
- Work with the headteacher and SEND governor to determine the strategic development of the SEND policy and provision in the school
- Have day-to-day responsibility for the operation of this SEND policy and the co-ordination of specific provision made to support individual pupils with SEND, including those who have EHC plans
- Provide professional guidance to colleagues and liaise and work with staff, parents, and other agencies to make sure that pupils with SEND receive appropriate support and high-quality teaching
- Advise on the graduated approach to providing SEND support and adaptive teaching methods appropriate for individual pupils
- Advise on the deployment of the school's delegated budget and other resources to meet pupils' needs effectively
- Be a point of contact for external agencies, especially the local authority (LA) and its support services, and work with external agencies to make sure that appropriate provision is provided
- Liaise with potential next providers of education to make sure that the pupil and their parents/carers are informed about options and that a smooth transition is planned
- When a pupil moves to a different school or institution: Make sure that all relevant information about a pupil's SEND and the provision for them are sent to the appropriate authority, school or institution in a timely manner
- Work with the headteacher and school governors to make sure the school meets its responsibilities under the Equality Act 2010 with regard to reasonable adjustments and access arrangements
- Make sure the school keeps its records of all pupils with SEND up to date and accurate on the SEND register
- With the headteacher, monitor to identify any staff who have specific training needs regarding SEND, and incorporate this into the school's plan for continuous professional development
- With the headteacher, regularly review and evaluate the breadth and impact of the SEND support the school offers or can access, and co-operate with the LA in reviewing the provision that is available locally and in developing the local offer
- Prepare and review information for inclusion in the school's SEND information report and any updates to this policy
- With the headteacher and teaching staff, identify any patterns in the school's identification of SEND, both within the school and in comparison with national data, and use these to reflect on and reinforce the quality of teaching
- Support the Headteacher with disciplinary decisions taken about SEND children.

6.2 The governing board

The governing board is responsible for making sure the following duties are carried out, though the duties can be delegated to a committee or an individual:

- Co-operate with the LA in reviewing the provision that is available locally and developing the local offer
- Do all it can to make sure that every pupil with SEND gets the support they need
- Make sure that pupils with SEND engage in the activities of the school alongside pupils who don't have SEND
- Inform parents/carers when the school is making special educational provision for their child

- › Make sure that the school has arrangements in place to support any pupils with medical conditions
- › Provide access to a broad and balanced curriculum
- › Have a clear approach to identifying and responding to SEND
- › Provide an annual report for parents/carers on their child's progress
- › Record accurately and keep up to date the provision made for pupils with SEND
- › Publish information on the school website about how the school is implementing its SEND policy, in an SEND information report
- › Publish information about the arrangements for the admission of children with physical difficulties, the to prevent them from being treated less favourably than others, the facilities provided for their accessibility, and the school's accessibility plans
- › Make sure that there is a qualified teacher designated as SENDCo for the school and that the key responsibilities of the role are set out, and monitor the effectiveness of how these are carried out
- › Determine their approach to using their resources to support the progress of pupils with SEND

6.3 The SEND link governor

The SEND link governor is naming a governor to have responsibility for the implementation of the SEND policy – ***Mrs. Therese Mulhearn***

The SEND governor will:

- Help to raise awareness of SEND issues at governing board meetings
- Monitor the quality and effectiveness of SEND provision within the school and update the governing board on this
- Work with the headteacher and SENDCo to determine the strategic development of the SEND policy and provision in the school

6.4 The headteacher

The headteacher will:

- Work with the SENDCo and SEND link governor to determine the strategic development of the SEND policy and provision within the school
- Work with the SENDCo and school governors to make sure the school meets its responsibilities under the Equality Act 2010 with regard to reasonable adjustments and access arrangements
- Have overall responsibility for, and awareness of, the provision for pupils with SEND, and their progress
- Have responsibility for monitoring the school's notional SEND budget and any additional funding allocated by the LA to support individual pupils
- Make sure that the SENDCo has enough time to carry out their duties
- Have an overview of the needs of the current cohort of pupils on the SEND register
- Advise the LA when a pupil needs an EHC needs assessment, or when an EHC plan needs an early review
- With the SENDCo, monitor to identify any staff who have specific training needs regarding SEND, and incorporate this into the school's plan for continuous professional development
- With the SENDCo, regularly review and evaluate the breadth and impact of the SEND support the school offers or can access, and co-operate with the LA in reviewing the provision that is available locally and in developing the local offer

- With the SENDCo and teaching staff, identify any patterns in the school's identification of SEND, both within the school and in comparison with national data, and use these to reflect on and reinforce the quality of teaching

6.5 Class teachers

Each class teacher is responsible for:

- Planning and providing high-quality teaching that is adaptive to meet pupil needs through a graduated approach
- The progress and development of every pupil in their class
- Working closely with any teaching assistants or specialist staff to plan and assess the impact of support and interventions, and consider how they can be linked to classroom teaching
- Working with the SENDCo to review each pupil's progress and development, and decide on any changes to provision
- Ensuring they follow this SEND policy and the SEND information report

Communicating with parents/carers regularly to:

- Set clear outcomes and review progress towards them
- Discuss the activities and support that will help achieve the set outcomes
- Identify the responsibilities of the parent, the pupil and the school
- Listen to the parents'/carers' concerns and agree their aspirations for the pupil

6.6 Parents or carers

Parents or carers should inform the school if they have any concerns about their child's progress or development.

Parents or carers of a pupil on the SEND register will always be given the opportunity to provide information and express their views about the pupil's SEND and the support provided. They will be invited to participate in discussions and decisions about this support. They will be:

- Invited to termly meetings to review the provision that is in place for their child
- Asked to provide information about the impact of SEND support outside school and any changes in the pupil's needs
- Given the opportunity to share their concerns and, with school staff, agree their aspirations for the pupil
- Given an annual report on the pupil's progress

The school will take into account the views of the parents or carers in any decisions made about the pupil.

6.7 The pupil

Pupils will always be given the opportunity to provide information and express their views about their SEND and the support provided. They will be invited to participate in discussions and decisions about this support. This might involve the pupil:

- Explaining what their strengths and difficulties are
- Contributing to setting targets or outcomes
- Attending review meetings
- Giving feedback on the effectiveness of interventions

The pupil's views will be taken into account in making decisions that affect them, whenever possible.

7. SEND information report

The school publishes a SEND information report on its website, which sets out how this policy is implemented in the school.

The information report will be updated annually and as soon as possible after any changes to the information it contains.

8. Our approach to SEND support

8.1 Identifying pupils with SEND and assessing their needs

At **Maney Hill Primary School**, we are committed to identifying pupils' needs at the earliest possible stage so that the right support can be put in place quickly and effectively. Early identification is crucial because it enables us to:

- Address emerging difficulties before they become more significant
- Reduce potential barriers to learning and wellbeing
- Work in partnership with families to create a clear picture of the child's needs
- Ensure pupils have the best possible chance of achieving positive long-term outcomes. We will assess each pupil's current skills and levels of attainment when they start at the school. This will build on information from previous settings and Key Stages, where appropriate. We will also consider any evidence that the pupil may have a disability and if so, what reasonable adjustments the school may need to make.

Class teachers will regularly assess the progress of all pupils and identify any whose progress:

- Is significantly slower than that of their peers starting from the same baseline
- Fails to match or better their previous rate of progress
- Fails to close the attainment gap between them and their peers
- Widens the attainment gap

This may include progress in areas other than attainment; for example, wider development or social needs.

When teachers identify an area where a pupil is making slow progress, they will target the pupil's area of weakness with differentiated, high-quality teaching. If progress does not improve, the teacher will raise the issue with the SENDCo to have an initial discussion about whether this lack of progress may be due to a special educational need. Where necessary they will, in consultation with the pupil's parents or carers, consider consulting an external specialist.

Slow progress and low attainment will not automatically mean a pupil is recorded as having SEND.

Potential short-term causes of impact on behaviour or performance will be considered, such as bullying or bereavement. Staff will also take particular care in identifying and assessing SEND for pupils whose first language is not English.

When deciding whether the pupil needs special educational provision, we will start with the desired outcomes, including the expected progress and attainment, and the views and the wishes of the pupil and their parents/carers. We will use this to determine the support that is needed and whether we can provide it by adapting our core offer, or whether something different or additional is needed.

If a pupil is joining the school, and:

- Their previous setting has already identified that they have SEN
- They are known to external agencies
- They have an education, health and care plan (EHCP)

then the school will work in a multi-agency way to make sure we get relevant information before the pupil starts at school, so support can be put in place as early as possible.

8.2 Consulting and involving pupils and parents/carers

Parents hold valuable information about their child's development, strengths and areas of need. When we are aiming to identify whether a pupil needs special education provision, we will have an early discussion with the pupil and their parents/carers. These conversations will make sure that:

- Everyone develops a good understanding of the pupil's areas of strength and difficulty
- Sharing observations and concerns early
- Agreeing initial strategies or interventions
- Everyone understands the agreed outcomes sought for the child
- Listening to family perspectives and using these to inform planning

Notes of these early discussions will be added to the pupil's record and given to their parents/carers.

We will formally notify parents/carers if it is decided that a pupil will receive special educational provision.

8.3 The graduated approach to SEND support

Once a pupil has been identified as having SEND, we will take action to remove any barriers to learning, and put effective special educational provision in place. This support will be delivered through successive rounds of a 4-part cycle known as the graduated approach.

1. Assess

The pupil's class teacher and the SENDCo will carry out a clear analysis of the pupil's needs. The views of the pupil and their parents/carers will be taken into account. The school may also seek advice from external support services.

The assessment will be reviewed regularly to help make sure that the support in place is matched to the pupil's need. For many pupils, the most reliable way to identify needs is to observe the way they respond to an intervention.

2. Plan

In consultation with the parents/carers and the pupil, the teacher and the SENDCo will decide which adjustments, interventions and support will be put into place, the expected outcomes, and a clear date for review.

All staff who work with the pupil will be made aware of the pupil's needs, the outcomes sought, the support provided and any teaching strategies or approaches that are needed. This information will be recorded on our management information system, and will be made accessible to staff in a One Page Profile.

Parents/carers will be fully aware of the planned support and interventions, and may be asked to reinforce or contribute to progress at home.

3. Do

The pupil's class or subject teacher retains overall responsibility for their progress.

Where the plan involves group or 1-to-1 teaching away from the main class or subject teacher, they still retain responsibility for the pupil. They will work closely with any teaching assistants or specialist staff involved, to plan and assess the impact of support and interventions and how they can be linked to classroom teaching.

The SENDCo will support the teacher in further assessing the pupil's particular strengths and weaknesses, in problem solving and advising on how to implement support effectively.

4. Review

The effectiveness of the support and interventions and their impact on the pupil's progress will be reviewed in line with the agreed date.

We will evaluate the impact and quality of the support and interventions. This evaluation will be based on:

- The views of the parents/carers and pupils

- The level of progress the pupil has made towards their outcomes
- The views of teaching staff who work with the pupil

The teacher and the SENDCo will revise the outcomes and support in light of the pupil's progress and development, and in consultation with the pupil and their parents/carers.

8.4 Levels of support

School-based SEND provision

Pupils receiving SEND provision will be placed on the school's SEND register. These pupils have needs that can be met by the school through the graduated approach. Where the pupil's needs cannot be adequately met with in-house expertise, staff will consider involving an external specialist as soon as possible.

The provision for these pupils is funded through the school's notional SEND budget.

On the census these pupils will be marked with the code K.

Education, health and care (EHC) plan

Pupils who need more support than is available through the school's school-based SEND provision may be entitled to an EHC plan. The plan is a legal document that describes the needs of the pupil, the provision that will be put in place, and the outcomes sought.

The provision for these pupils will be funded from the school's notional SEND budget, and potentially from the LA (from the high-level needs funding block of the dedicated schools grant).

On the census these pupils will be marked with the code E.

8.5 Evaluating the effectiveness of SEND provision

At **Maney Hill Primary School**, we are committed to ensuring that our provision for pupils with Special Educational Needs and Disabilities (SEND) is effective, impactful and continually improving. We use a range of systems to monitor, review and evaluate how well our provision supports pupils to make progress academically, socially and emotionally.

We evaluate the effectiveness of provision for pupils with SEND by:

- Tracking pupils' progress, including by using provision maps
- Carrying out the review stage of the graduated approach in every cycle of SEND support
- Using pupil questionnaires
- Monitoring by the SENDCo
- Holding annual reviews for pupils with EHC plans
- Getting feedback from the pupil and their parents/carers
- Academic progress against age-related expectations
- Progress in targeted interventions
- Development of communication, social or emotional skills

9. Attendance

Many pupils with SEND face complex barriers to attendance. Their right to an education is the same as any other pupil and therefore the attendance ambition for these pupils is the same as it is for any other pupil. However, they may need additional support.

Our approach to supporting pupils who are absent from school due to their SEND is set out in our attendance policy.

10. Safeguarding

We recognise that pupils with SEND can face additional safeguarding challenges. Children with disabilities are more likely to be abused than their peers, and additional barriers can exist when recognising abuse, exploitation and neglect in this group.

For more details of the pastoral support we offer pupils with SEND, and the support we provide to help pupils overcome any communication barriers they face, see our safeguarding/child protection policy.

11. Expertise and training of staff

Training will be provided regularly, as well as on an as-needed basis, so it can adapt to the changing support requirements within the school. The headteacher and SENDCo will continually monitor staff practice to identify specific training needs and will incorporate these into the school's ongoing professional development plan.

12. Links with external professional agencies

The school recognises that it won't be able to meet all the needs of every pupil. Whenever necessary, with parental consent, the school will work with external support services such as:

- Educational Psychology Service (EPS)
- Language, Learning and Strategic Support Team (previously Pupil & School Support Service)
- Speech and Language Therapy (SaLT)
- Communication & Autism Team (CAT)
- School Health Advisory Service
- School Nurse Team
- Sensory Services (Hearing/Visual)
- Physiotherapy
- Occupational Therapy (OT)
- Forward Thinking Birmingham (Previously CAMHS)
- Beyond the Horizon Charity
- Compass Birmingham MHST
- City of Birmingham School (COBS)
- Special School Outreach Service

13. Admission and accessibility arrangements

13.1 Admission arrangements

Please refer to the information contained in our school prospectus. The admission arrangements for all pupils are in accordance with national legislation, including the Equality Act 2010. This includes children with any level of SEND; those with Education, Health and Care Plans and those without.

13.2 Accessibility arrangements

Please refer to the information contained in our Accessibility Plan. Schools are required under the Equality Act 2010 to have an accessibility plan. The purpose of the plan is to:

- Increase the extent to which disabled pupils can participate in the curriculum
- Improve the physical environment of the school to enable disabled pupils to take better advantage of education, benefits, facilities and services provided
- Improve the availability of accessible information to disabled pupils

14. Complaints about SEND provision

Where parents/carers have concerns about our school's SEND provision, they should first raise their concerns informally with the class teacher. We will try to resolve the complaint informally in the first instance. If this does not resolve their concerns, parents are welcome to submit their complaint formally.

Formal complaints about SEND provision in our school should be made to the SENDCo in the first instance. They will be handled in line with the school's complaints policy.

If the parent or carer is not satisfied with the school's response, they can escalate the complaint.

To see a full explanation of suitable avenues for complaint, see pages 246 and 247 of the [SEN Code of Practice](#).

15. Monitoring and evaluation arrangements

15.1 Evaluating the effectiveness of the policy

We are constantly looking for ways to improve our SEND policy. We will do this by evaluating whether or not we are meeting our objectives set out in section 1.

We will evaluate how effective our SEND provision is with regards to:

- All staff's awareness of pupils with SEND at the start of the autumn term
- How early pupils are identified as having SEND
- Pupils' progress and attainment once they have been identified as having SEND
- Whether pupils with SEND feel safe, valued and included in the school community
- Comments and feedback from pupils and their parents/carers

15.2 Monitoring the policy

This policy will be reviewed by staff and governing board **every two years**. It will also be updated when any new legislation, requirements or changes in procedure occur during the year.

It will be approved by the governing board.
